Ballast compatibility list of OSRAM DULUX® LED

September 2020

Important notice:

The compatibility list is based upon testing conducted by the manufacturer in a lab simulated environment, and the result can vary in certain applications due to number of factors.

This document is for information purposes only and must be treated as reference only.

Applications and conditions of use are varied and beyond LEDVANCE control.

Prior to installation please read User instruction sheet which is included in the product packaging.

LEDVANCE does not accept any responsibility, warranty or liability when using ballasts not mentioned in the table.

All OSRAM DULUX® LED lamps can be operated directly on AC mains as well.

Compatibility test result will be updated on a regular basis. Please check the latest compatibility list at:
